

Laser Shows Finale Weekend at TELUS World of Science – Edmonton

September 1 through September 3, 2017

Edmonton, AB – August 25, 2017 – For more than three decades, TELUS World of Science - Edmonton has been performing classic, vintage laser shows under the planetarium dome. Over the years, laser shows have become a beloved and offbeat experience enjoyed by many!

This September will mark a bitter-sweet milestone for the science centre, as we close the Margaret Zeidler Star Theatre planetarium, for the impending upgrade and renovation of the theatre, but before the curtain drops the science centre is throwing one last HURRAH!

Friday, September 1, through Sunday, September 3, will be the very last chance for Edmontonians to experience one of the science centre's most beloved spectacles: laser shows!

Laser Shows Finale Weekend – September 1, 2 & 3

- LASER MICHAEL JACKSON at 7:00 p.m.
- LASER JOURNEY: Don't Stop Believing at 8:15 p.m.

Buy your tickets today by calling 780-451-3344 or visit twose.ca/lasershows. This is one show that won't have an encore so don't miss your opportunity to experience a truly vintage laser show, under the original planetarium dome at TELUS World of Science - Edmonton – for the last time ever!

– 30 –
