

## Farewell! ...until September.

As we enter the final weeks of school, TWOSE would like to wish teachers and students an amazing summer! We have loved getting the opportunity to welcome you all to TWOSE and have had so much fun participating in your pursuit of science education. While we're sad to see another school-year wrap up, we're looking forward to the new year ahead and we can wait to share some of the new and upcoming school programs, science demonstrations, IMAX films and feature exhibitions with you all next year.

That said, summer-time is still one of our favourite times of the year! We've got 9 different summer camps that will be starting on July 4, through to August 26, for a variety of age groups and interests. Not to mention, parents can continue immersing their kids in a variety of science learning opportunities together as a family, at The International Exhibition of Sherlock Holmes. Work together to solve a crime with hands-on interactivity!

In the meantime... did someone say End-of-Year Field Trip?!

### [The International Exhibition of Sherlock Holmes](#) isn't just a field trip... It's an experience shrouded in mystery, intrigue & suspense!

**At TWOSE we know the End of Year School Field Trip is extra special! Not only does it mark the end of yet another school year, it celebrates your students' successes -- and your own, as well!**

As a class you've all worked hard to succeed and prepare for the next grade and a fresh new year, but now it's time to have fun together as a class and create lasting memories you'll cherish forever.

Inside the International Exhibition of Sherlock Holmes, you and your students can work together as teams, or individuals, to solve an original mystery.

Your students will be captivated by the world of Sherlock Holmes, as they:

- Examine a crime scene
- Gather evidence, and;
- Test theories to try and crack the case!

Your students will be having so much fun they won't even notice the key concepts they are learning (like math, science and language arts).

Make this year's End of Year Field Trip one your students will remember, and talk about, for years to come!

Book today by calling the Bookings Office at 780.451.3344 or via email at [bookings@twose.ca](mailto:bookings@twose.ca)

### [The Ultimate Field Trip: A TWOSE Sleepover!](#)

**Looking for an unforgettable End of Year Experience? Book a TWOSE Sleepover!**

Celebrate the end of the school year and create lifelong memories your students will cherish for years to come. Your TWOSE sleepover can include an IMAX film, live science demonstrations, a visit to the Observatory, access to all the exhibit galleries and best of all: the chance to sleep under the stars in the Margaret Zeidler Star Theatre planetarium. And no need to wait for the weekend -- TWOSE sleepovers are available during the week!

For more information, visit [twose.ca/sleepover](http://twose.ca/sleepover) or call the Bookings Office at 780.451.3344.
