

## **Servus Credit Union donation in support of TELUS World of Science – Edmonton’s Aurora Project**

**Edmonton, AB – March 20, 2018** – Today TELUS World of Science – Edmonton recognized Servus Credit Union and their generous donation of \$100,000 by dedicating a valuable gathering space at the science centre as the *Servus Credit Union Community Hub*.

The gift is in support of TELUS World of Science’s Aurora Project, an ambitious 20,000 sq. ft. expansion project, poised to infuse new life and energy into one of Alberta’s most beloved attractions.

“We’re grateful to Servus Credit Union for their incredible support of our mission and vision,” said Alan Nursall, President and CEO of TELUS World of Science – Edmonton. “The Aurora Project will position the science centre as the destination to engage Albertans’ hearts and minds in science, and Servus’ donation will go a long way toward helping us ignite curiosity, inspire discovery, celebrate science and change lives!”

The *Servus Credit Union Community Hub* is an access point for a wide range of exciting activities and dynamic educational programs within the science centre. It will be utilized as an adaptive and interactive space focusing on fun and engaging experiences for children, youth and the local community.

“We are very pleased to expand our relationship with TELUS World of Science – Edmonton by supporting the Aurora Project, in addition to our ongoing free movie nights at the IMAX Theatre,” said Garth Warner, President and CEO of Servus Credit Union. “Servus and the science centre share the goal of a stronger community: Servus, by supporting individual financial fitness, and the science centre by engaging individuals in science and technology.”

The *Servus Credit Union Community Hub* will help TELUS World of Science inspire visitors of all ages and backgrounds to become future doctors, engineers, game developers, astronauts and more. The possibilities are endless.
