The Sleepover Supervisor plays a key role in the success of these programs, staying overnight while the groups are in the building to provide supervisory and leadership assistance during the sleepover.

The ideal candidate is a night owl (or even a student with lots of homework!) who has strong leadership and independent decision making skills. Their customer service skills are second to none and they are safety conscious to ensure that these very important guests have an exceptional experience of our facility.

- Supervisor must remain awake and attend to any of the needs of the group participants over the evening.
