

- Interact with campers and provide support and direction on both a group and individual basis to encourage their active participation. Supervise campers in a variety of environments, including classrooms, exhibit galleries, lunchrooms, and outdoors to ensure safety of both campers and TWOSE guests.
- Adapt programming and environments for campers with diverse needs in order to be inclusive of a wide range of abilities and demonstrate that science is for everyone. Provide support and programming to special needs children as required with the assistance of the campers' parent or guardian, Jr. Camp Instructor, or any special needs facilitator.
- Utilize appropriate behavioural management techniques to effectively deal with disruptive behaviours and ensure the safety and wellbeing of campers. Encourage and model behaviour that is safety-conscious, respectful, and inspires a love of science. Ensure that identified facility and program rules and regulations are followed by camp participants.
- Supervise campers in the respectful use of camp materials and science centre exhibits.
- Assist the Sr. Camp Instructor with program evaluation and assess possible further development of materials and activities
- Maintain a safe, clean and inviting environment for camp participants and visitors.
- Maintain open and respectful lines of communication with parents or guardians about their child's camp experience. Respond and resolve any concerns that may arise over the course of the camp, knowing when to seek the support of a Sr. Camp Instructor, supervisor, or manager. Provide exceptional guest service and respond to requests for information about TWOSE, our programs, and general science-related questions.
- Model high performance, flexibility and kindness in a rapidly changing growth environment.
- Other duties as required and assigned.

### **QUALIFICATIONS:**
